

# Golfing lifestyle winner

**W**HEN Sue and John Mulready retired and moved to the Coast eight years ago, they were faced with the decision of how to best spend their spare time.

The pair agreed golf was the answer and as a result of their new-found hobby, they joined the Southport Golf Club and didn't look back.

Mr and Mrs Mulready began playing golf up to four times a week on various courses around the Coast.

Friends of the couple suggested they take a look at the new \$60 million Signature Waterfront Apartments development overlooking the Lakelands golf course at Merrimac.

After one visit to the sales office the pair made the decision to downsize their current home and upgrade their lifestyle by buying a tower-one unit off the plan.

Mr Mulready said the couple were instantly drawn to the lifestyle options available at Signature.

"Being avid golfers, we could definitely

see the value of living and playing on Australia's only Jack Nicklaus-designed golf course," he said.

"We were already familiar with the level of quality of the golf course, and as soon as we took a look at the master plan we knew this was where we wanted to spend our retirement."

Mr Mulready said they were also drawn to the exclusive nature of the apartments.

"Considering the shortage of golf course and waterfront land on the Gold Coast, Signature represents great value for money," he said.

Being keen gardeners, the couple were also attracted to the manicured fairways and landscape of the precinct.

"It's great - we get to enjoy the gardens without having to ever get the lawnmower out," he said.

Signature One offers 36 predominantly three-bedroom apartments across nine floors and is targeted at residential end users, ensuring buyers are able to enjoy the lifestyle and

facilities with like-minded people.

Signature Two is tailored to the investment and empty-nester market with 33 stylish, two-bedroom apartments over eight levels, with some homes including an additional multiple-purpose room.

Apartments are priced at \$665,000 to \$1.19 million.

Only five marina berths remain for sale.
